Information

! Before you proceed to the next page !

Rakugo: A form of Japanese comedy. The comedian sits down on the floor in the middle of the stage and tells a long and complicated comical story. It's very important for the audience to be carefully involved in the stories because the speaker uses many gestures and varies his voice to portray the role of each character in the story.

Manju Kowai(I hate Manju): One of the most popular stories told in Rakugo. It depicts a man using reverse psychology at a restaurant. He tells his friends that he's scared of manju (popular traditional Japanese confection). They can't believe he could be scared of something so desirable and they begin to try and torment him by throwing manju at him. Which is actually what he wanted!

Kong Ming: The nickname of Zhuge Liang. In modern China, Zhuge Liang is considered to be the most popular statesman and strategic general in Chinese history. He was nicknamed "The Hidden Dragon" due to the fact that people around him underestimated his capacity to achieve great things. He would in effect be able to trap them this way.

Note: Please refer to the previous page for an explanation of the humor used on this page.

The title character was a secret agent who didn't like guns(after a friend of his died in a revolver accident when he was a child), he preferred to solve problems with his intelligence, resourcefulness and improvised gadgets.

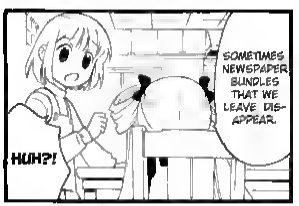
I Thought it Was a Foolproof Plan



*Note. "Spirited Away" refers to a movie that was written and directed by Hayao Miyazaki that was re-eased in the US by Disney. It's about a girl that is magica lly transported away to a world of full spirits and monsters.

*Note: The word is generally used for bonding through physical contact, such as holding hands and hugging.

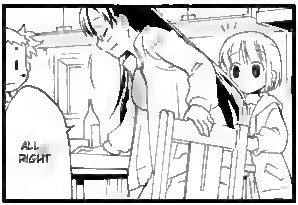
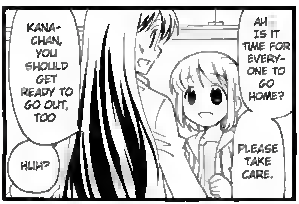
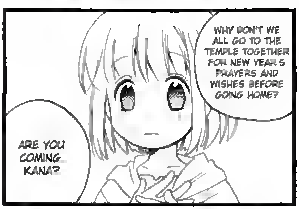
My Dream

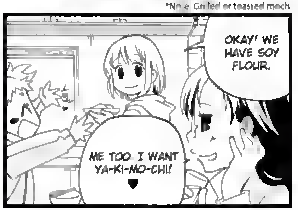


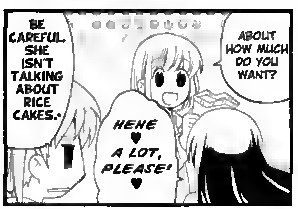




Make it Mochi Mochi

*Note: Grilled or toasted mochi.





*Note- A play on words. When Kana ask who wants yakimochi she uses 焼きたおもち This is the spelling for grilled or toasted mochi. When Haruka says she wants yaki mo-chi she uses the symbols やきもち "Yakimochi" has two different meanings. Kana's means toasted rice cake and Haruka's is jealousy. Haruka is asking Kana to make her jealous.

We're looking for anyone with experience in the scanlation scene. Translators, Editors, Proofreaders and Quality Checkers. We're also looking for a web designer.
We need people who are capable of reconstructing difficult SFX. This includes proficient use of the pen tool and the clone stamp tool.
Looking for native English speakers who have proofread scripts for other scanlation groups in the past.
Translators
We're currently in search of translators who have a strong grasp of the English language. Experience in the scanlation scene is not a must but preferred.
Quality Checkers
Right now we only need people who have a fair bit of experience as a QCer. We're looking for people who aren't afraid to point out mistakes and be very critical in a productive way.
Currently searching for someone who has both artistic and coding knowledge. Being comfortable with the workings of WordPress is also a bonus. Scripting knowledge is also preferable.

*Note: In Japan, Setsubun is a festival that falls on the day before the beginning of spring

*Note: Fuku mame is roasted soybeans. There is a mixture of Setsubun practices associated to beans so I we assume that eating the beans brings good luck. Mame is also slang for virgins.

I WOULD MAKE ONE

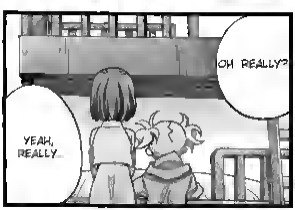
The story of how many people to draw this month (possibly two).

ACHOO!
YOU'VE GOT TO BE CAREFUL IF ANYONE TAKES A SICK DAY, EVERYONE ELSE HAS TO DO THAT PERSON'S JOB.
OH DEAR, KANA YOU HAVE A COLD?
I DON'T THINK SO. I THINK IT'S JUST A NORMAL SNEEZE

SNEEZE → SOMEONE GOT CURSED AND THAT SOMEONE BOUGHT A VOODOO DOLL TO RETURN THE CURSE → THE SET NEEDS NAILS. SO NAIL MAKERS PROSPER → IRON SHORTAGE → NO IRON TO BUILD HOMES → PEOPLE START LIVING IN FITS → REDUCTION IN WOOD DEMAND LESS DEFORESTATION, REDUCTION IN CO2 EMISSION → MAKES EARTH'S ECOLOGY HAPPY AND AL GORE STOPS COMPLAINING
ONE SNEEZES
AH HA

Note: "If the wind blows, the bucket maker prospers" is a Japanese idiom that means everything that happens can have an unexpected effect (i.e. The butterfly effect)

Of course it wasn't there, it was shoved in.



The Incurable Illness.

The Past and Present.
